

Connecticut Christmas Tree Growers MEMBERSHIP APPLICATION & INFORMATION

Membership is open to persons and firms who grow or market trees and anyone else interested in promoting the natural Christmas tree industry and allied products in Connecticut or out of state.

A newsletter is published three (3) times a year with timely information about the growing and marketing of Christmas trees.

An annual meeting, held in March, twilight meetings, a summer field meeting, and Zoom gatherings, provide opportunities for members to meet and exchange ideas and witness demonstrations of equipment and techniques useful in growing Christmas trees. Topics covered at meetings and in newsletters include species selection, planting methods, fertilization, shearing, marketing, important scientific research, needle retention, weed and pest control, tax matters, insurance, and showing trees in competition.

You will have the opportunity to advertise on our website, Ctchristmastree.org (\$40), and in our Choose & Cut Brochure (\$40).

We invite you to join us in helping to promote the production and marketing of top-quality Christmas trees.

Regular Membership – \$70.00 - Additional Associate Membership \$42

Please fill out additional form for Associate Members
